Building the future

Our theme “Building for the Future” was an appropriate description of Goodwill’s year. We built on our momentum growing donations to 783,000 and retail revenues to 25.7 million dollars despite the closure of our Milpitas store for most of the year. E-commerce continued its robust growth increasing sales by 40%. In 2 ½ years E-commerce has grown to a 3 million dollar business. A new business took form in our auto detailing and wash enterprise, (Clean Wheels), providing over 39 jobs for our re-entry program. Re-entry was a focus in 2014 and we made a big impact, employing 70% of all program participants in full time permanent employment.

2014 was a year of investment for the future as well as we remodeled our Mountain View store and added additional space to our Snell & Blossom Hill stores along with increased investment in our headquarters. We have now invested over 9 million dollars into our operations over the last 5 years and reduced our debt by $2 million over the same period. This sets us up for better and greater opportunities in the future.

Additionally, we increased the number of grants and dollars we received with new funding for our Homeless Veterans program from the county of Santa Clara, increased funding for our re-entry program and our afterschool programs. Our Mission Services is poised for greater success in 2015 with the success we enjoyed in 2014.

Our board grew in size in 2014 as we added 2 board members to our organization with additional expertise around veterans and real estate. Our board now has representation and expertise from the business, banking, legal, retail, education, law enforcement, and veteran communities and we have representation on the Goodwill International board. We have positioned Goodwill of Silicon Valley for continued growth and success.

On a personal note 2014 was the anniversary of my 5th year at Goodwill of Silicon Valley. I have been inspired and enthused for the entire 5 years. I would be remiss if I did not thank all those who have served, and our board for making Goodwill the unique and successful organization it is. I love coming to work every day and getting to be a part of this wonderful team. I look back on all that has been accomplished and feel lucky that I was included in the awesome effort that made Goodwill such a caring community enterprise.

We are excited about the future impact of Goodwill of Silicon Valley. Our audited financials continue to show that our organization, led by our board of directors, is fiscally strong, and our board governance is equally sound.
“Goodwill Recognized as One of America’s Most Inspiring Companies.” By Forbes Magazine

Ranked at #11 and Only NonProfit On List

Forbes recently released its annual list of America’s Most Inspiring Companies, and for the third year in a row, it included Goodwill. Coming in at #11 in 2014, Goodwill is the only nonprofit to make the prestigious list.

According to Forbes reporter Susan Adams, “Goodwill is a company with a long history of providing employment and job training to veterans and people with disabilities and other challenges.”

This list is based on results from Performance Inspired, Inc., a consulting and training firm that helps organizations elevate performance through the “science of inspiration.” Prior to surveying 3,300 consumers to rank how inspirational they found a number of businesses, respondents were asked to think about the values, behaviors and attitudes of a hypothetical inspirational company and how it might compare to a real company. We hope you are enlightened by reading this report and that you will take the time to learn more about Goodwill of Silicon Valley and the significant, positive impact we have made and will continue to make in our community.

The NOW Program is funded by the Santa Clara County Office of ReEntry and the California Department of Corrections and Rehabilitation. The NOW program exclusively serves the reentry population and is designed to reduce recidivism and alleviate the burden on Santa Clara County’s jails and court systems. The program equips program participants with the necessary tools to navigate the difficult transition into fulltime employment. Typical job placements include warehouse, manufacturing, assembly, administrative, construction, maintenance, IT, and auto detailing, just to name a few. In addition to the “On the Job” training program participants also receive services in resume preparation, job interview techniques, transportation assistance, Moral Reconation Therapy, motivation, and support.

70% of all program participants obtained fulltime permanent employment.

Jason was able to obtain a full time job as a Delivery Driver. He has successfully kept his job placement for over 6 months.

NOW Program Participant
Veteran Services Programs

Goodwill of Silicon Valley’s Veteran Individualized Placement (VIP) program supports our country’s veterans as they prepare for and secure rewarding civilian careers. Our all veteran staff works closely with our program participants as they become job-ready. The funding received through the United States Department of Labor helps our veterans formulate individualized career plans, prepare for the job search process, and ultimately get hired into a new full-time permanent job. Santa Clara County has the highest percentage of unsheltered homeless veterans in the United States. The Veteran Family Services (VFS) program serves this population and is supported by Office of Veterans Affairs and Goodwill of Silicon Valley. The VFS program goals are to serve the entire veteran family and to reduce homelessness of military veterans within the Santa Clara County. VFS program provides an array of services and is a tremendous resource for any homeless or any soon to be homeless veteran.

Veteran Individualized Placement Program Mission:
To develop and promote a heartfelt partnership with the veterans we serve in which there is mutual care, concern, and determination for their well-being.

Veteran Family Services Mission:
We are committed to helping veterans and their Families who are homeless or at risk of becoming homeless overcome barriers to housing and ultimately transition the entire veteran family unit into stable housing environments.

If you are a homeless veteran, or are in danger of becoming homeless or know a veteran that needs our services, contact us today!

Since 2007 the VIP program has successfully placed over 400 Veterans into employment
The Employment Readiness Program (ERP) is a 6 to 12 month paid work experience program that is designed to provide program participants an opportunity to gain retail work experience. In addition, to the paid work experience, each ERP participant receives job placement services and free access to workshops that foster personal professional development. Workshops in communication skills, computer skills, resume writing and interviewing skills.

COMMUNICATIONS SKILLS
Our communications skills courses provide the interpersonal skills that make an enormous impact on how an employee interacts professionally at work with employees and customers. These training courses teach invaluable life skills that are transferable to your home as well as work life.

BASIC COMPUTER SKILLS
Provides students with the basic computer skills to be able to learn how to access their email account, create a resume, a coverletter and complete an online application.

RESUME WRITING LAB
Topics covered in this workshop will include how to format and write an effective resume, how to formulate professional accomplishment statements, and resume best practices.

INTERVIEWING SKILLS
The interview is the most critical of all job search activities. Preparation for the interview will increase confidence and significantly impacts if the candidate obtains the job. ERP participants learn how to formulate personal, positive responses to interview questions and leave the interviewer with a positive first impression.
Youth Programs

The Goodwill of Silicon Valley is actively engaged in developing brighter futures for the youth in Santa Clara County by creating several programs designed to serve youth at over 15 school locations in Santa Clara County.

- **ASSETs (After School Safety and Enrichment for Teens)** This program provides various after school tutoring classes and support in Math, Science, English, and SAT Prep. This program also provides opportunities to make up graduation credits and help students with homework support and tutoring.

- **GoodHealth** is a weekly health education class for students with special needs.

- **SWEP (Students Work Experience Program)** was created to provide students an opportunity to obtain a wage and retail experience while still attending school.

Oak Grove High School student, Luis Gaitan credits the Goodwill ASSETs Program and staff for helping him gain admittance to an 8 week summer program at MIT. Luis was included in the 80 selected students out of 1000 to attend an MIT summer math program. Luis is a “regular” in our Homework / Tutor Center and remarked that he is grateful for the support he has received from our ASSETs tutors.

“Just picked up a Jeep and it needed a detail on the interior badly. It had stains and it was dirty. Called and scheduled for an appointment a few days later. Robert and Daniel were excellent and took great care of my car. When I got the car back, I was worried but they did a fantastic job. Granted not all the stains were able to come out but he did warn me ahead of time and I understood. Besides it was really bad. Overall I love what they did! They even cleaned the car on the outside and I didn’t even ask for that! I definitely recommend them and will use them for future details! ”
~ Brian, San Jose, California

“I chose the Silver package and I am SO impressed with it! My car looks even better than the day I bought it. I am not the most clean person when it comes to my car but Simon brought my car back to life with this detail. The steering was covered in makeup prior to the detail and I was in shock when I got my car back and saw it, the interior looks impeccable. I am very pleased with it and will definitely choose Clean Wheels next time I need a detail, not to mention recommending them to anyone in need of a great detail!” ~ Emily, Santa Clara, California
Good Guard

121 Total Good Guard graduates in 2014

29 were veterans and in the VIP Program.

Goodwill of Silicon Valley offers a professional Security officer training program named “Good Guard”. As a Good Guard program participant, you will learn the basic role of a security guard and primary aspects of your responsibilities in security during your training. The Good Guard program prepares each participant for a rewarding and long term career in the security industry.

The Good Guard program begins each month and the program is filled on a “First Come First Served” basis. The Good Guard program takes 28 days to complete and each participant is expected to attend all classroom sessions, plus each participant must complete “On the Job” training while working as a security officer in Goodwill stores located in Santa Clara County.

Once a participant graduates, the Good Guard team helps each participant apply for a Guard Card. In addition, the Good Guard team helps each participant with job placement within its extensive network of local Security Guard companies. Our graduates can expect to obtain employment in the growing field of protective services, you can work as a patrol officer in Bike Patrol, Fixed Posts, Special Events, Concerts, Executive Protection and Body Guard protection.
In 2014 the retail division exceeded prior year revenue mainly based on an exceptionally strong Fourth Quarter. The Halloween Season was highly successful with improved in-store merchandising and a much stronger marketing program. Overall results in both new and donated Halloween product over the September and October season provided additional revenues of $142,000 versus the prior year. Also adding to our growth was the introduction of One Day Sale events starting on July 4th and continuing on other holidays to enhance our revenues during typically slow customer traffic periods. These were highly popular with our loyal guests and exposed our stores to hundreds of new guests. We ran three of these events and added over $101,000 in additional revenue. We intend to continue this program and expand our selections as well as marketing efforts. Our most enterprising project of the year was the remodeling of our Mt. View store location. The new Mt. View store was closed for nearly nine weeks, however the team’s efforts in design and product assortment, combined with the aligned efforts of the entire company, was able to set a three day record in sales of over $102,000. The store won over our customer in terms of design, “shop ability”, and service. We have used this design in other stores to maximize our customer’s ease of shopping as well as driving up revenue. In early December, we implemented these design features during a one day remodel / resizing of our Snell store location and achieved a 34% increase in sales for the month.

Despite the closing of one of our stores for the last nine months and our Mt. View store closed nine weeks, the Retail Stores achieved a positive growth of over $100,000 in revenue. The continuation of improved operations, consistency in store standards of merchandising, and the growth of the talent on our retail teams led this growth and will continue to do so in the future.
The Employment Readiness Program (ERP) is a 6 to 12 month paid work experience program that is designed to provide program participants an opportunity to gain retail work experience. In addition, to the paid work experience, each ERP participant receives job placement services and free access to workshops that foster personal professional development. Workshops in communication skills, computer skills, resume writing and interviewing skills.

E-Commerce

In 2014 the E-Commerce department provided employment training support to 25 employees from the NOW Program and in the Autism Spectrum. The E-Commerce department provides our retail stores teams a sales channel to market goods to shoppers across the globe on websites like Amazon, eBay and Shopgoodwill.com.

3.2 Million in Revenue

40% growth from 2013
Goodwill is committed to providing community services through environmentally responsible means. We strive not only to reduce our carbon footprint, but to help you with yours as well. Anything that can’t be re-purposed to fit your life is recycled through our certified programs. In 2014, Goodwill of Silicon Valley (GWSV) received over 760,000 Donations from Santa Clara County residents. From those 760,000 donations GWSV diverted over 40 million pounds of goods from local landfills.

Goodwill of Silicon Valley has become a state certified e-waste collector. All of the e-waste we collect goes to a state certified e-waste recycling facility that is required to meet the highest of standards in the dis-assembly and recycling of e-waste materials. GWSV distributes and safely recycles 1.7 million lbs. of e-waste annually. Lastly, GWSV creates employment and training opportunities for many Santa Clara County residents because of our e-waste program.
