

GOODWILL
of Silicon Valley

Career Technical Education Program

What is the **CTE Program**?

The CTE Program is a no-cost training opportunity to provide Silicon Valley residents with the ability to accelerate their career growth.

The program hosts training sessions across a variety of trade-specific fields, where each participant will learn the skills needed to excel in their individual pathway. Graduates will earn preliminary certificates as a step towards securing long term employment and develop personal, professional growth.

Participants will also have access to Goodwill resources such as job-readiness workshops, wellness/mental health center, resumes, digital literacy, and much more!

Available Courses

Medical Assistant

IT Service and Support

Careers in Finance/Banking

Construction Core
Fundamentals (Electrician or
Carpentry)

HVAC Installation

CNC Machinist
